Update on Escondido House Burn Plan

The window for the burn operation at 1954 Via Scott is now between 10:00 a.m. and 11:00 a.m. due to weather conditions.

Sheriff's Deputies completed a final check of the evacuation zone. Five families chose to ignore evacuation requests from law enforcement and were given shelter in place instructions. Reverse 9-1-1 calls to people within the shelter in place zone will go out at approximately 9:00 a.m.

The shut down of I-15 between SR-78 and Centre City Parkway is temporarily set at 10:00 a.m. Traffic Control Points around 1954 Via Scott are now in place.

Sheriff's Bomb/Arson Unit is now making final preparations for the burn. Firefighters with the San Marcos Fire Department have sprayed protective gel to adjacent homes.
